

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER G-07-007

**Relating to Certification of Portable Fuel Containers, Spouts or Portable
Fuel Containers and Spouts**

Blitz, Incorporated

**C31710-Series Metallic 5.0-gallon Petroleum Product (Gasoline)
Portable Fuel Container with a Model 900700 Adaptor and a 3000-Series
Spout**

WHEREAS, the California Air Resources Board (ARB) has established, pursuant to California Health and Safety Code sections 39600, 39601, 43013, 43018 and 43101, criteria for obtaining certification of a portable fuel container, spout, or a portable fuel container and spout in "CP-501, Certification Procedure for Portable Fuel Containers and Spill-Proof Spouts," adopted July 26, 2006, incorporated by reference into title 13, California Code of Regulations sections 2467.2 and 2467.8;

WHEREAS, "CP-501, Certification Procedure for Portable Fuel Containers and Spill-Proof Spouts," adopted July 26, 2006, (hereinafter "Certification Procedure") incorporated by reference into title 13, California Code of Regulations sections 2467.2 and 2467.8, requires that an application for certification include the results for each test specified in ARB's Test Procedure TP-501, Test Procedure for Determining Integrity of Spill-Proof Spouts and Spill-Proof Systems (July 26, 2006), and ARB Test Procedure TP-502, Test Procedure for Determining Diurnal Emissions from Portable Fuel Containers (July 26, 2006);

WHEREAS, section 1 of the Certification Procedure provides that an Executive Order will only be issued for a portable fuel container, spout, or both portable fuel container and spout that demonstrates compliance with all applicable certification requirements;

WHEREAS, section 3 of the Certification Procedure requires an applicant to submit specified information in its application for certification;

WHEREAS, section 5 of the Certification Procedure provides that the ARB Executive Officer shall evaluate each application for certification of a spill-proof system or spill-proof spout to determine if the spill-proof system or spill-proof spout complies with the criteria for issuance of an executive order;

WHEREAS, Blitz, Incorporated has submitted an application for certification of the following product:

C31710-Series Metallic 5.0-gallon Petroleum Product (Gasoline) Portable Fuel Container with a model 900700 adaptor and a 3000-Series Spout (hereinafter referred to as the "C31710-Series system");

WHEREAS, Blitz, Incorporated previously received certification of its 3000-Series systems with a Model Number 33300 spout (Executive Order G-07-005);

WHEREAS, the Executive Officer has determined that permeation through a metal container will not contribute to diurnal emissions and that, therefore, the container does not require preconditioning prior to TP-502 testing;

WHEREAS, Blitz, Incorporated has submitted data generated from each test specified in ARB Test Procedure TP-501, Test Procedure for Determining Integrity of Spill-Proof Spouts and Spill-Proof Systems (July 26, 2006) and ARB Test Procedure TP-502, Test Procedure for Determining Diurnal Emissions from Portable Fuel Containers (July 26, 2006) that demonstrates its C31710-Series system complies with the criteria specified in section 2 of the Certification Procedure;

WHEREAS, Blitz, Incorporated has submitted a copy of the warranty language and operating instructions specified in section 2 of the Certification Procedure;

WHEREAS, Blitz, Incorporated is not participating in the Optional Consumer Acceptance Program for its C31710-Series systems;

WHEREAS, Blitz, Incorporated has submitted all of the information specified in section 3 of the Certification Procedure in its application for certification of its C31710-Series systems; and

WHEREAS, Blitz's application for certification of its C31710-Series systems has been evaluated, and its C31710-Series systems have been found to comply with the criteria for the issuance of an executive order;

NOW THEREFORE, pursuant to the authority vested in ARB by sections 39600, 39601, 43013, 43018 and 43101 of the Health and Safety Code, and pursuant to the authority vested in the undersigned by sections 39515 and 39516 of the Health and Safety Code and Executive Order G-07-002.

IT IS ORDERED AND RESOLVED that the C31710-Series systems produced by Blitz, Incorporated as described in its application for certification of said systems are hereby certified to meet the performance standards and administrative requirements applicable to portable fuel containers. Production systems shall be in all material respects the same as those for which certification is granted and shall meet all the certification requirements except for the optional consumer acceptance program.

IT IS FURTHER ORDERED that Blitz, Incorporated must comply with the administrative requirements specified in title 13, California Code of Regulations sections 2467.5.

IT IS FURTHER ORDERED that any alteration of the components or design of the systems certified hereby is prohibited and is inconsistent with this certification, unless said alteration has been approved by the Executive Officer or his or her designee.

IT IS FURTHER ORDERED that Blitz, Incorporated must supply a copy of the warranty language submitted in its application for certification for its Series-C31710 systems in the packaging of each certified spill-proof system or spill-proof spout at the time of sale.

IT IS FURTHER ORDERED that Blitz, Incorporated must supply a copy of the operating instructions for each spill-proof system or spill-proof spout as submitted in its application for certification for its Series-C31710 systems, in the packaging of each certified spill-proof system or spill-proof spout at the time of sale;

IT IS FURTHER ORDERED that Blitz, Incorporated must supply any changes to the warranty language or the operating instructions to the Executive Officer for review and approval at least 30 days prior to implementation.

IT IS FURTHER ORDERED that the Executive Officer may enjoin sales, assess penalties, or revoke or modify this certification as provided in CCR section 2467.9 if the Executive Officer determines that the product available for sale in California does not meet the certification requirements when tested in accordance with the "Certification and Compliance Test Procedures" as provided in CCR section 2467.9.

Executed at Sacramento, California this 1st day of August 2007.
